## Announcement of establishing a representative office in Europe

We, KAWASUMI LABORATORIES,INC. hereby announce that it has established a representative office in Frankfurt, Germany, in order to expand businesses in Europe.

We are selling our medical devices such as for dialysis, for therapeutic apheresis, and blood bags through our local distributors. With establishing representative office in this time, we expect that we will be able to enhance the partnerships with our distributors closely and extend the channels of local markets.

Since medical devices market in Europe accounts for approximately 30% in the world, we will strengthen our marketing activity including East Europe, mainly lead by our local representative.
